Dear David,

Le 5 0284

I am so glad you have
come back. The Deserted Altar means
very much to me, and of course
I shall be glad to sponsor your
Engelheim application; you should have it.
Your letter with your address,
has not yet come to the surface
again. I'll send this in care of your
editor. Do come and see me as
soon as you can, or as soon as
your young son is over humps -
in about ten days. Happy New Year -

I think it may be the year for you -

affectionately,

Amiel

Dear David,

I meant to write a long time ago, but there has been my marriage, and I have been in Iowa and Nevada since then. Horribly, the record was warped when it reached me - so warped that the needle would leap

half across the circle, and nothing could be heard. I want to hear your song: it is very tantalizing. And I want to hear how you are.

To write.

Best,

Harold
