Foreword

This issue of the *Proceedings of the National Conference of Jewish Social Service* is being returned to the Octavo size customary before 1931 at the request of the *Conference Executive Committee*. We have followed the same practice in this format as in the preceding years, to abbreviate the papers and discussion in order to encompass them within the limits set by the *Conference* for this volume. In editing the material available we did as little cutting and modifying as possible, aiming to preserve the essential content of each participant's contribution.

To Mr. Solomon Bluhm, who edited the manuscripts, read the proofs and handled the other numerous details of publication, special appreciation is due for his careful and conscientious work.

Foreword

This number (Volume XIII, Number 1) contains the proceedings of the *National Conference of Jewish Social Service* held in Atlantic City, New Jersey, May 30—June 2, 1936. Considerations of budget which limited the size of this issue as well as circumstances beyond the control of the Editorial Board, have forced the abbreviation of papers presented at the Conference and the omission of certain items. In editing the material, however, we have tried to do as little cutting as possible and have aimed to preserve the essential content of each contribution.
